

Upgrading your Windows Patient Files Lite to Patient Files Pro 4.9:

Before upgrading to Version 4.9, you must already be using the Patient Files Lite of our program and it must be properly installed in your Windows. If not visit www.easyclinicsoftware.com and download it there for free and install it.

If you are already using Patient Files Lite and you want to upgrade to 4.9, do the following:

For Windows Xp, Vista, 7, 8:

- a. Open the Zip file **EasyClinicSoftware4.9** (extract it)
- b. Open **PatientFilesPro4.9_Package**,
- c. Open **Patient Files_Windows** folder, double click the green installer named **Patient_Files_4.9_upgrade**,
- d. Click **No Questions Ask installation** then proceed with installation.
- e. After clicking the Thanks button, you will be brought to a Handbase installation. Please allow it to install. Refer below regarding Handbase installation (after For Windows 8 instructions)

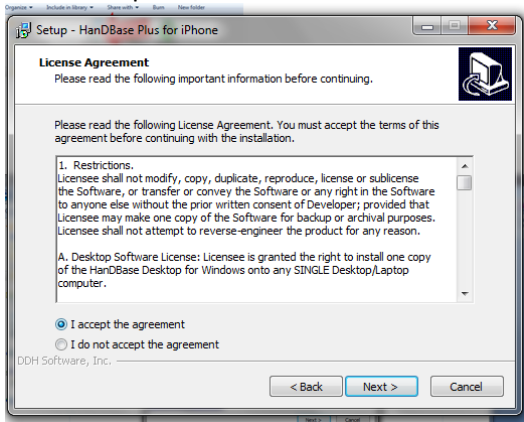

Handbase installation:

Now you need to allow the installation of **Handbase Plus for iPhone Setup Wizard** it will come automatically after the above installation of version 4.9. (Even if you don't have an iPhone, just install this software, it has a role to make the program work properly).

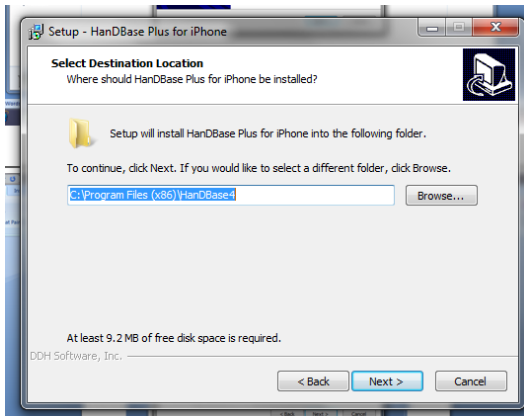

Click Next.

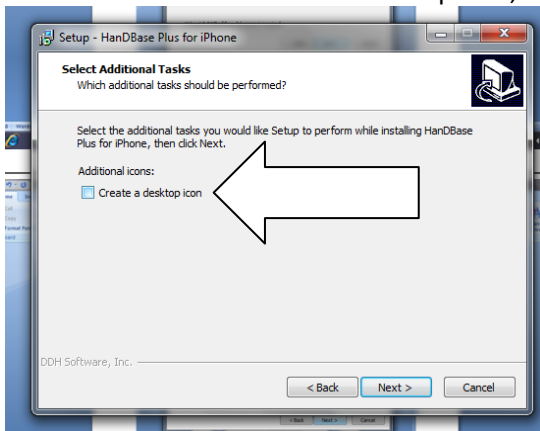

Click I Accept then Click Next.

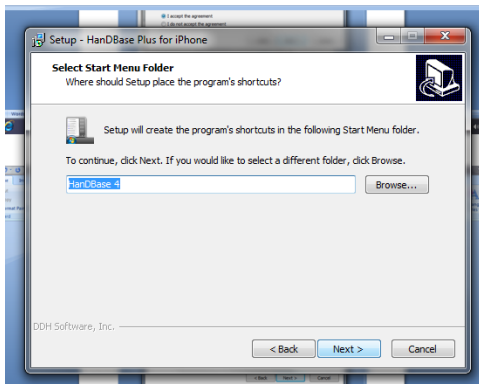

Click Next.

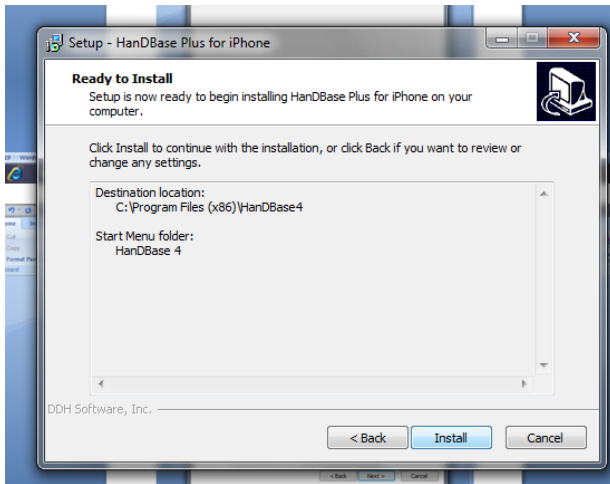

Uncheck the box for Create a Desktop icon, then Click Next.

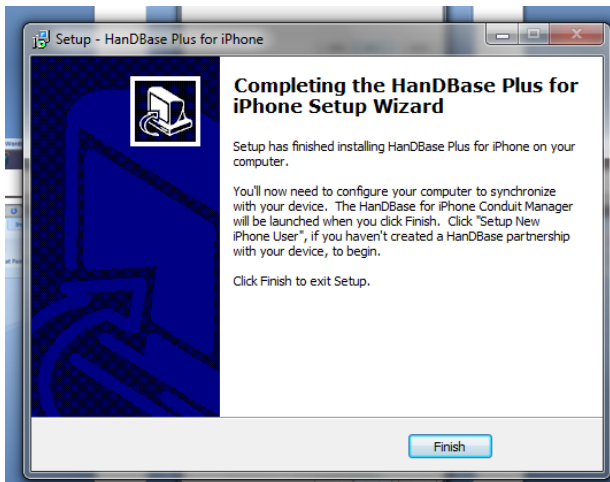

Click Next:

Click Install

Click Finish

Manual Upgrade:

(this is if those of you who transferred the location of MyPatients5 folder to some other location rather than Local Disc C. If you did not, just disregard):

- a. Open the Zip file EasyClinicSoftware4.9 , then open **PatientFilesPro4.9_Package**.
- b. Open the **Patient Files_Windows**, open Windows folder, open **Manual_Upgrade4.9**.
- c. Copy all the files inside **PatientFiles_Manual_Upgrade4.9**.
- d. Go to where you transferred MyPatients5 folder (most likely you placed it in Dropbox) and open MyPatients5 folder and paste it inside it, answer yes to overwrite. Don't worry this will not delete your patient records.
- e. Then you may re-open Patient Files icon and it is expected that you are now upgraded to Version 4.9.
